Petersburg Area Transit Operating on a Two Hour Delay

(Petersburg, Virginia) — January 7, 2017. Petersburg Area Transit (PAT) will operate on a two hour delay Saturday, January 7, 2017. PAT will operate on “Snow Routes”, to avoid dangerous streets that are challenging to navigate in inclement Winter Weather. Please anticipate buses to be delayed between 5-10 minutes then published schedules. Service hours will begin at 9:15a.m. unless otherwise released. Para-Transit Services will only service medical appointments and will also be operating on a two-hour delay.
