COMMUNITY MESSAGE

John A. Hart Sr. - Vice Mayor, Ward 7; Charlie Cuthbert - Ward 4; Samuel Parham - Mayor, Ward 3; Treska Wilson-Smith - Ward 1; W. Howard Myers - Ward 5; Annette Smith-Lee, Ward 6; Darrin Hill - Ward 2

The City of Petersburg continues to remain committed to protecting the health and safety of our community members during the COVID-19 pandemic.

It is our goal to adequately prepare, prevent, and respond during this unprecedented time.

Throughout this resource guide, you will find a great amount of helpful information to include COVID-19 testing, financial relief, food assistance, and crisis resources. It is our hope that this guide will equip you with the necessary knowledge to stay informed.

As a community, Petersburg has continuously rebounded in uncertain times and we have no doubt that we will remain resilient as we work together to prevent the spread of COVID-19.

-Petersburg City Council

We, at the Crater Health District, appreciate the partnership and support of our communities as we work to mitigate the impact of COVID-19 in the Crater Health District.

We continue to recommend effective measures to keep Crater Health District residents safe and well. It is important for everyone to continue practicing personal public health precautions, especially social distancing and hand and surface hygiene.

These are the most effective ways to minimize the spread of illness and keep yourself and those around you healthy.

We must continue to remain diligent in our adherence to safety guidelines for the protection of our loved ones and community members.

-Alton Hart, Jr, MD, MPH

MASK UP VIRGINIA

Help reduce the risk of transmission

- Starting Friday, May 29, any person age 10 or older must wear a face covering at all times while entering, exiting, traveling through, and spending time in indoor public settings.
- A face covering includes anything that covers your nose and mouth, such as a mask, scarf, or bandana.
- Wearing a face covering does not take the place of other public health precautions like maintaining six feet of physical distance between yourself and others, and proper sanitation and personal hygiene.

VDH VIRGINIA
DEPARTMENT
OF HEALTH

Shape the future for your family and community.

The U.S. Constitution requires that every decade we count our nation's population. By April 1, every household will receive a notice to complete the 2020 Census and be counted.

Responding is important.

You can shape the future for yourself, your family, and your community for the next 10 years. Data collected in the 2020 Census will inform the distribution of more than \$675 billion in federal funds to states and communities each year. Businesses, community leaders, and local governments use census data to create jobs, ensure public safety preparedness, and support community initiatives.

Results of the census impact funding for things like:

- › Schools and education
- › Health care facilities
- › Housing assistance
- › Public transportation
- › Child and adult food assistance programs
- › Assistance for people transitioning out of homelessness
- › Career and technical education grants
- › Medicare Part B
